

About Us

A major investment in smart new offices, 20,000sq ft factory and spacious showroom displaying doors, windows, a magnificent "P" shaped conservatory and two superb orangeries all set in beautifully landscaped gardens enables us to uphold our unequalled reputation in the Fylde coast.

At our new premises production can be doubled whilst keeping prices at a competitive rate by using state of the art computerised machinery operated by a multi skilled team, producing a superior quality product which is guaranteed for 15 years. Non re-cycled UPVC, manufactured to British Standards, utilised by us will not fade or discolour.

Dave and Mark still play a large part in the day to day running of Lytham Windows. Customer care and after sales service is second to none, probably one of the many reasons why the bulk of our business comes from personal recommendation. Clients have peace of mind in the knowledge that if there should be a problem, Lytham Windows will happily rectify it. Also, most importantly, there are no high pressure salesmen, it's not the company style. They offer no obligation quotations, professional advice and top quality design and installation service.

These are just some of the many reasons why Lytham Window Company Ltd is the Fylde's leading manufacturers and installers of conservatories, porches, windows and doors. Our product, service and value for money remain reassuringly constant.
