

## Why Choose Us

### Peace of mind

- We have been in business for more than 25 years.
- We provide a full 15-year guarantee (unlike the more usual five or ten years). In the unlikely event of a problem we guarantee to fix it promptly and without hassle.
- More than 50% of our work arises from recommendations or repeat orders. You, our customers are our best investment.
- Our components are the best (as specific for UK Government Contracts). We manufacture and install ourselves so we ensure that you receive only the highest quality.
- We provide the security you need with internally glazed units (the glass cannot be removed from the outside), multipoint mushroom head window locks and eight point mushroom head, roller cam and dead bolt door locks and toughened glass on all doors.
- The 28mm gap in our double-glazing is the largest available, providing the best heat and sound insulation in conjunction with 70mm profile frames. Our Spectus UPVC contains no recycled materials and will therefore retain its original colour.
- We are a FENSA registered company; accordingly your window/door installation will be registered and certified as meeting building regulations. Your deposit will be fully insured.
- Integrity, value and service, a promise we back up every day.
- Finally, we do not play games on price, we do not add on to take off, make confusing offers or practice "hard sell". We just aim to provide the best price/value combination around.
